

Bringing innovation to the surface

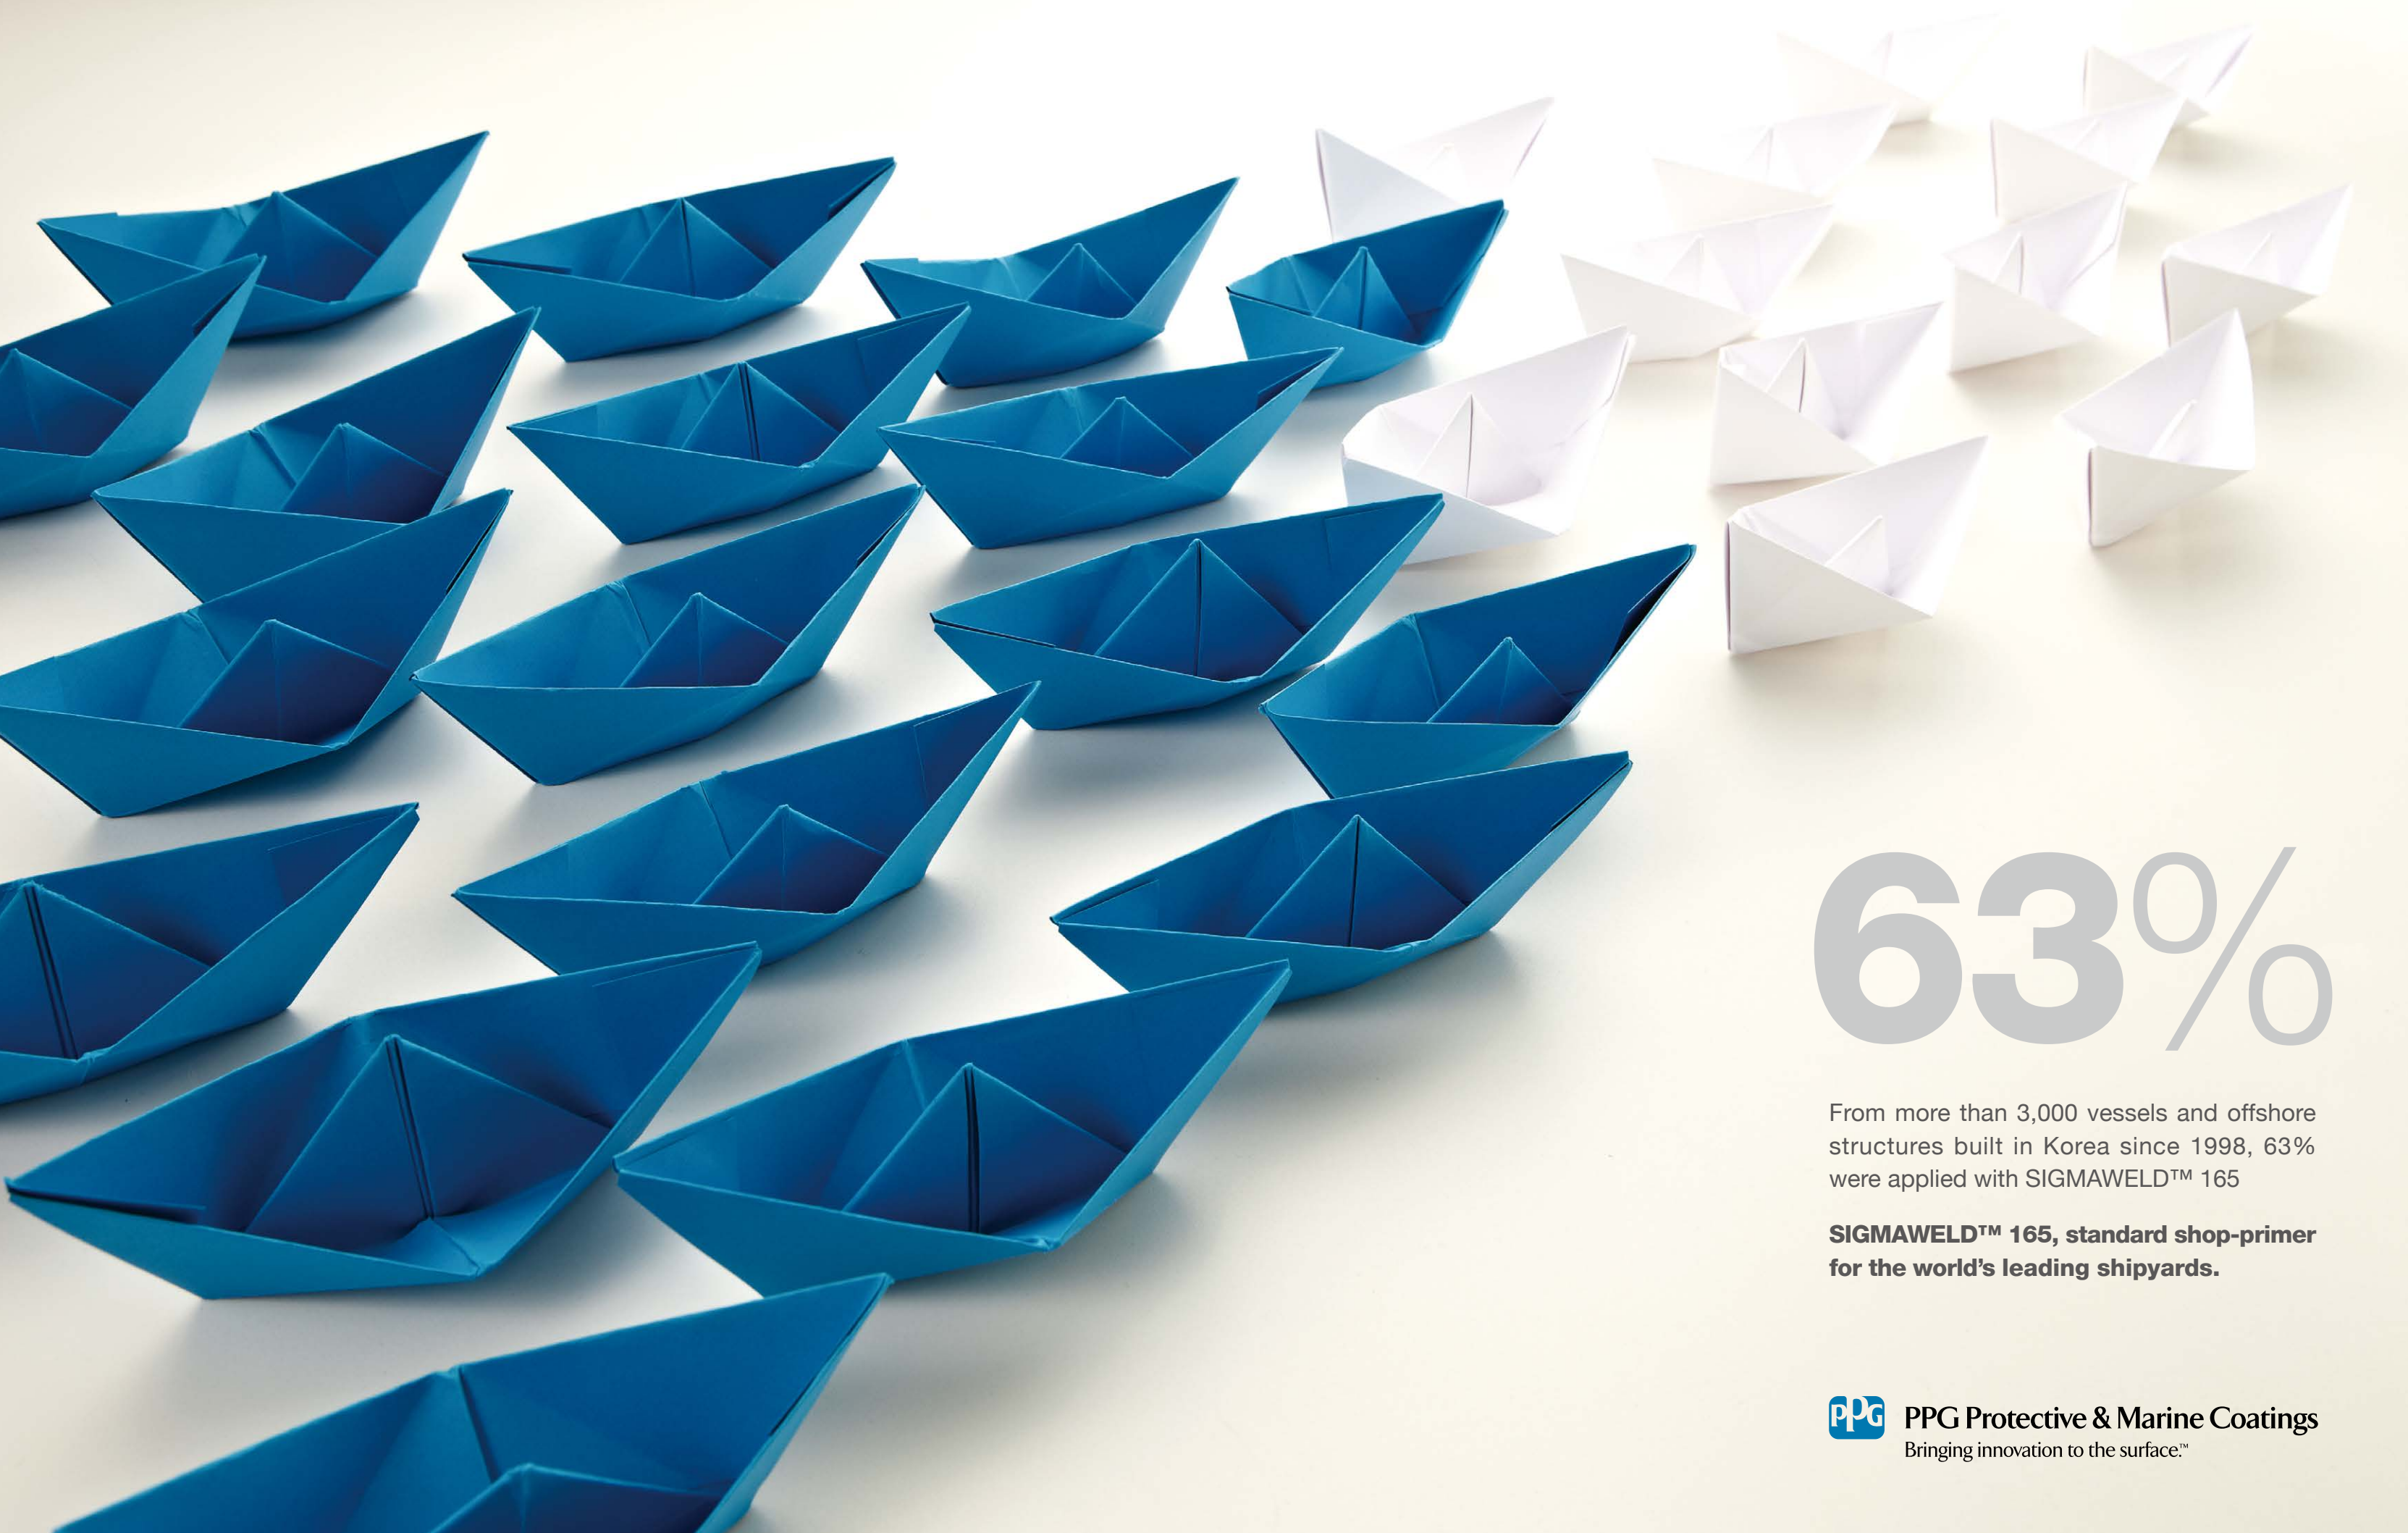

# 72%

**In 2011, 72% of the drillships around the world were coated with PPG Protective & Marine Coatings**

The competition has scrambled to secure market share, but in 2013, PPG is still coating 61% of the world's drillship new buildings.

This is more than all competitors combined, which is strong testimony of our customers' loyalty.

# 63%

From more than 3,000 vessels and offshore structures built in Korea since 1998, 63% were applied with SIGMAWELD™ 165

**SIGMAWELD™ 165, standard shop-primer for the world's leading shipyards.**

**PPG Protective & Marine Coatings**  
Bringing innovation to the surface.™

# About PPG Industries

# From the NASA Space Shuttle in the heavens to the Coca Cola can in your hand, it is PPG's passion to enrich the lives of people around the world through protection and color

## FACTS about PPG Industries

- One of the top 3 chemical companies (Fortune Magazine USA 2013)
- Net Sales of \$15.1 billion in 2013
- More than 39,200 employees across the world
- More than 124 manufacturing sites
- Located in 70 countries around the world
- Headquartered in Pittsburgh, USA
- Founded in 1883 by Capt.John B.Ford and John Pitcairn

### 1 NASA Space Shuttle

PPG produces a grade of HI-SIL silica product that is used as a raw material in the case insulation for Alliant Techsystems (NYSE: ATK) reusable solid rocket motors (RSRM) on NASA space shuttles

### 2 PETRONAS Twin Towers, Kuala Lumpur

Malaysia's landmark PETRONAS Twin Towers were applied with PPG's Duranar Bright Silver, Duranar Peppercorn, Duracron Gray

### 3 The Empire State Building, New York

For more than 40 years, Duranar coatings have been manufactured by PPG to provide long-lasting protection and durability to extruded architectural components made from aluminum and steel.

### 4 Samsung Electronics

PPG invests in improving the aesthetic qualities of major appliance coatings to help customers set their products apart.

### 7 Dell

PPG's products have added value to electronic products and allow manufacturers and designers to create a wide variety of individualized choices for consumers.

### 8 Ferrari

PPG's Automotive Refinish Coatings has accentuated the appearance of the world's favorite motor manufacturers such as Aston

Martin, Audi, Chrysler, Ferrari, Ford, Hyundai, Jaguar, Kia, Lamborghini, Land Rover, Maserati, Mercedes-Benz, Porsche, Volkswagen and many others.

### 9 Lamborghini Gallardo

Over last 20 years PPG has been the Lamborghini's exclusive supplier to enhance the appeal of this prestigious Italian automobile.

### 10 GasLog Santiago

PPG Protective & Marine Coatings, leading global supplier of corrosion-resistant, appearance-enhancing coatings for the marine, infrastructure, chemical processing, oil and gas, and power industries.

# PPG Protective & Marine Coatings (PPG PMC)

As a Strategic Business Unit of PPG Industries, we provide our products to those who work and live in the world's most challenging environment for search and delivery of the everyday energy we need.

That's why paint is more than just decoration. Even **at the thickness of just a business card**, it needs to provide protection without failure or harm to the environment for up to 20 years.

**This is who we are.**  
**We are proud to protect the power and energy industry of today.**

# PPG PMC in Korea

# PPG PMC Global Network

As part of PPG Protective & Marine Coatings Global Network, we are able to design, develop, manufacture and deliver our products and services with consistent quality to you, wherever you are in the world.

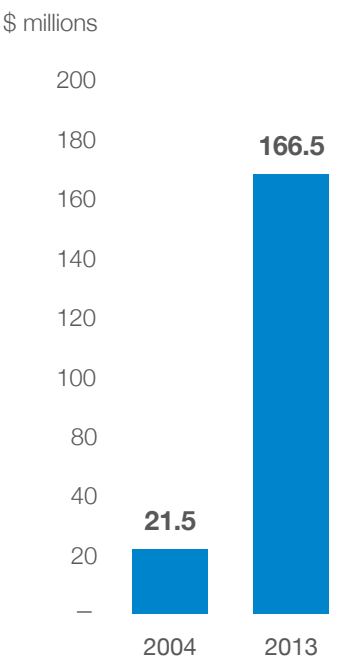

# PPG PMC Sales Growth in Korea

- Sales Growth : Over 750% Increase over 9 years
- 2004 : \$21.5 million
- 2013 : \$166.5 million

Fundamental to PPG PMC’s strategy is to operate the business with a global perspective while providing services and quality products that meet the local geographical needs.

In Korea, PPG PMC operates within PPG SSC CO., Ltd. a joint venture company founded by PPG Industries and Samsung Fine Chemicals to meet the needs of the Korean market.

Consisting of sales offices, laboratory, manufacturing facility, we had sales of \$166.5 million in 2013, which is 750% growth in just over 9 years.

Sales Growth in Korea

# PPG PMC R&D in Korea

## R&D achievements in Korea

- Developed the world's first true, heavy duty universal primer, SIGMAPRIME®
- Developed the world's first non-whitening, low friction anti-fouling, SIGMA NEXEON™
- Developed SIGMAWELD™ 165, the standard shop-primer for the world's leading shipyards
- Developed SIGMACOVER™ 555, a universal tie-coat for the entire PPG anti-fouling range
- Holder of numerous patents and trademarks for new technologies and products

## Global Technical Center of PPG PMC

As a Global Technical Center of PPG PMC, our Korean R&D team is responsible for innovation and improvement of products and, for providing guidance to associates and customers based on the knowledge and experience gained over the years.

## Korea R&D's Specialization as a Global Technical Center

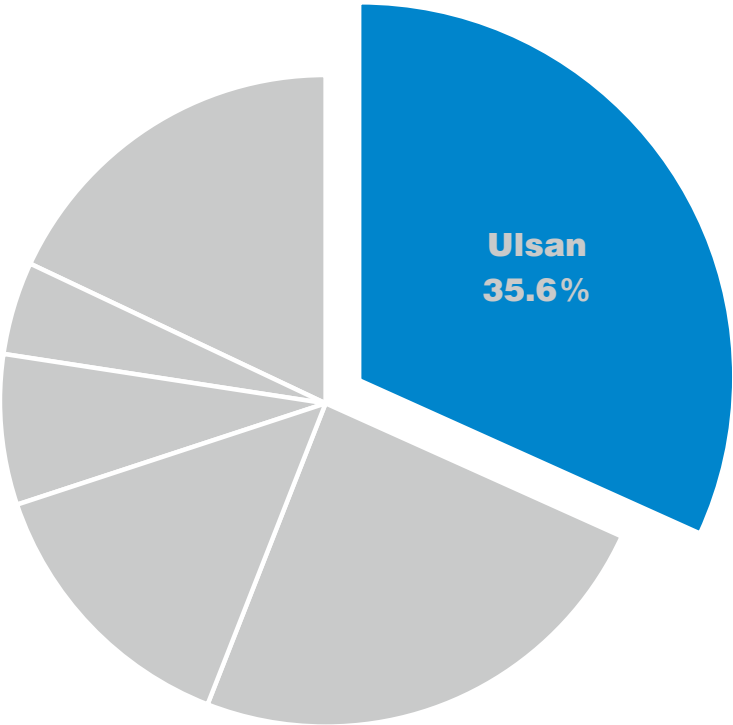

# PPG PMC Factory in Korea

At 35.6% of global output in 2013,  
our Ulsan factory is the largest production center out of  
21 PPG PMC manufacturing facilities worldwide

# Field Technical Services in Korea

Our FTS are located at all major  
shipyards throughout Korea

- Busan
- Geoje
- Jinhae
- Mokpo
- Tongyeong
- Ulsan

Our FTS representatives are certified by  
the following leading organizations:

# Customer & Segment Portfolio

# New Build

## Marioula

The world's 1<sup>st</sup> ship built to IMO PSPC regulations.

- **Shipyards** : DSME
- **Owner** : Chandris Hellas (Greece)
- **Classification Society** : Lloyd's Register (LR)
- **Coating System** : SIGMAPRIME® on SIGMAWELD™ 165 shop-primer

# Offshore

## Stena Drillmax

6<sup>th</sup> Generation Deepwater DP drillship for world wide harsh environments, including Norway

- **Water Depth** : 10,000 ft
- **Shipyard** : Samsung Heavy Industries
- **Owner** : Stena Drilling

# Water Treatment

## Ras Al Khair Desalination Plant

The world's largest sea desalination plant to date

- **Worth** : \$ 1.46 billion
- **Daily Water Output** : 228MIGD\*
- **Fabricator** : Doosan Heavy Industries & Construction
- **Year of Completion** : 2014
- **Location** : Ras Al Khair, Saudi Arabia

\* Sufficient to meet the needs of 3.5 million people per day

# Power

## Taeon Thermal Power No.7 and No.8

- Capacity : 550,000 kW
- Year of Completion : 2007
- Commissioned by : Korea Western Power
- Location : Taeon, Korea

# Petrochemical

## Ruwais Refinery Expansion Project Package No.7

The expansion of Ruwais facility will boost the Takreer's overall refining capacity to 1 million barrels of refined products per day.

- **Commissioned by** : Takreer
- **Year of Completion** : 2014
- **Location** : Ruwais, UAE

# Infrastructure

## Yeongjong Grand Bridge

The Yeongjong Grand Bridge is part of the Incheon International Airport Expressway and incorporated three different structural systems: Suspension bridge (550 m), truss bridge (2,250 m), and steel box bridge (1,620 m).

- **Total Length** : 4,420 m
- **Location** : Incheon, Korea

# Our Products

# Since 1722

In the 18th Century, the world's first paint brand used windmills to grind pigments. The actual windmill called "De Zwarte Kat" still exists in Zaandam, Netherlands.

Established as the first "modern" paint manufacturer in the world under Pieter Schoen in 1722, Sigma Coatings is a brand with history and tradition of almost 300 years.

PPG PMC is proud to provide you with Sigma Coatings along with other excellent brands carrying extensive track records.

FREITAG

**20 years** of direct sunlight.

Are you ready for it?

**PSX<sup>®</sup>**

▪ Gloss & Color retention for 20 years

# One Primer for Every Use

**SIGMAPRIME®**

- The universal primer that shifted the pendulum of the shipbuilding process
- Standard universal primer for the majority of Korean yards
- Longest track record as the first universal primer since 2000
- Applied on more than 1,000 vessels

# Taking Care of Both

People are more concerned about the hygiene of the water they drink rather than the container it is carried in.

We take care of both.

## SIGMAGUARD™ CSF650

- Standardized coating system for fresh water tanks from the leading shipyards :  
Daewoo Shipbuilding & Marine Engineering, Samsung Heavy Industries and STX
- Applied to more than 800 vessels
- Over 15 years of track record

# Critical Balance

## SIGMAWELD™ 165

- For more than 10 years, SIGMAWELD™ 165 has helped the world's leading shipyards to balance the critical requirements of corrosion prevention and weldability.
- Standard shop-primer at Daewoo Shipbuilding & Marine Engineering, Samsung Heavy Industries and STX

**Anti-fouling is selected  
for its technical performance.  
But appearance can also be  
important.  
Don't forget the naming ceremony.**

**SIGMA NEXEON™**

- No Whitening / Excellent Aesthetics
- Low Friction
- Innovative copper-free, eco-friendly antifouling
- Maximum flexibility – suitable for all types of vessels
- Smoother from the start, fuel-saving benefits

## **PITT-CHAR® XP**

- Enhanced crack resistance during construction and in service
- Superior low-temperature adhesion
- Mechanically tough – reducing damage and repair
- Increases fabrication speed and efficiency
- Helps improve application quality
- More cost-effective through life
- Extensively tested and approved by customers and third-party institutes

The photos of polar bears and green trees don't prove our focus on environmental and safety concern.

Our actions do.

Our product range includes

- Solvent-free systems for reduced VOC emissions
- Copper-free anti-fouling with enhanced performance
- Range of high volume solid “one primer concept” products helping to reduce consumption, wastage and improve productivity

Our PPG PMC Korea facilities and services are compliant with international quality standards

- **Quality Management** : ISO 9001 (2008)
- **Environment & Safety Management** : ISO 14001 (2004)  
OHSAS 18001 (2009)

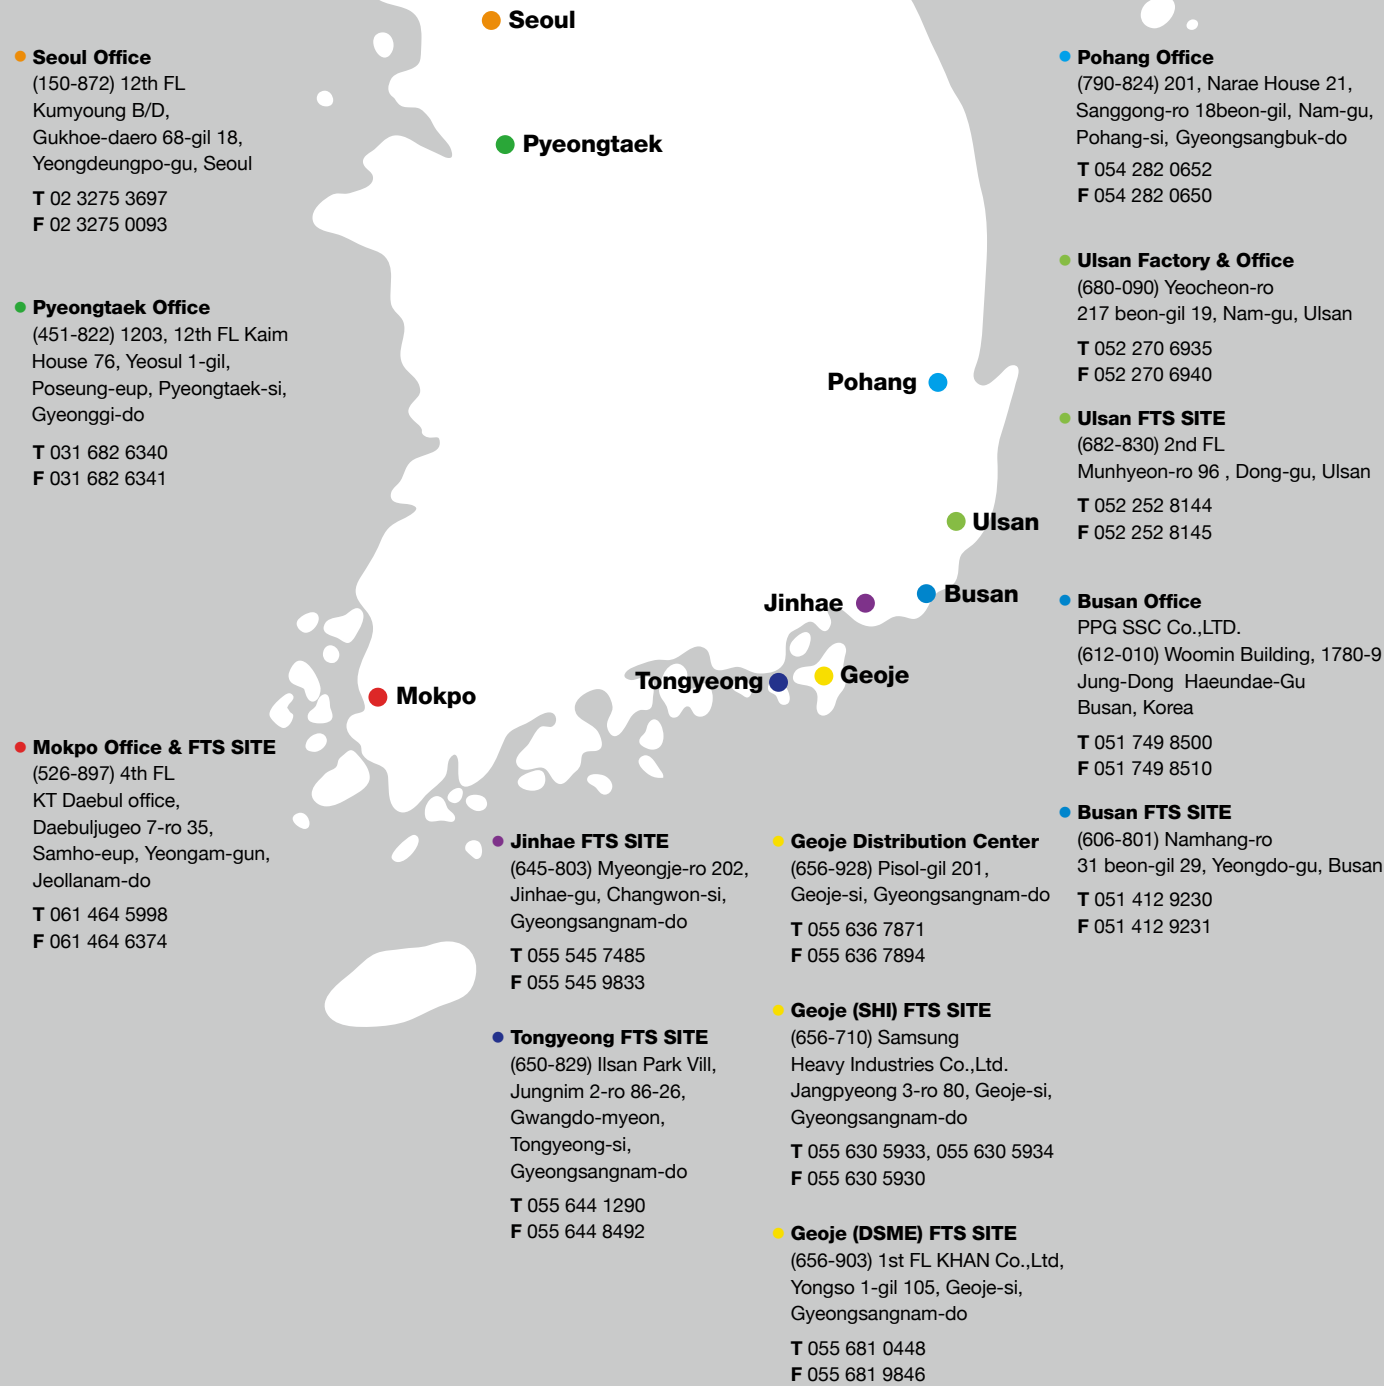

Korea Occupational Safety & Health Agency Award for more than 2,390 days injury free record

# 72%

**In 2011, 72% of the drillships around the world were coated with PPG Protective & Marine Coatings**

The competition has scrambled to secure market share, but in 2013, PPG is still coating 61% of the world's drillship new buildings.

This is more than all competitors combined, which is strong testimony of our customers' loyalty.

**PPG Protective & Marine Coatings**

Bringing innovation to the surface.™
